

FOR IMMEDIATE RELEASE
31 MARCH 2022

Capital Limited

(“Capital”, the “Group” or the “Company”)

Total Voting Rights

Capital (LSE: CAPD), a leading mining services company focused on the African markets, announces, in accordance with the FCA’s Disclosure Guidance and Transparency Rule 5.6.1, that as at 31 March 2022, the Company has 190,721,633 ordinary shares in issue, of which 1,973,551 ordinary shares are held in treasury.

Therefore, the total voting rights in the Company is 188,748,082. This figure should be used by shareholders as the denominator for the calculations by which they will determine if they are required to notify their interest in, or a change to their interest in, the Company under the FCA’s Disclosure Guidance and Transparency Rules.

The Company notes a transposition error in the ‘Transaction in Own Shares’ announcement released on 8 February 2022 at 07:15:21 under RNS No 9502A, where the number of ordinary shares acquired and moved into treasury on 7 February 2022 was 98,139, rather than 99,139 as disclosed in the individual transactions table. The total voting rights information included above reflects a small correction to the treasury share number in relation to this.
